WHO IS MDE MACHINERY?

MDE is a forward-thinking imaginative manufacturer based just outside the small village of Markethill, Northern Ireland. Since MDE was formed in 2013, founders Mark and Dean Belford have been leading the company into rapid yearly growth.

“As children we made our own toys to play with in the garden, our dreams were that someday we would own a factory making toys for other children. As the years progressed so did our enthusiasm for engineering. We have never seen engineering as a job or career, it's our passion!”

MDE's vision and dream now is to become a global manufacturer that people can put their trust in when building the equipment they need. MDE currently can be found in 24 different countries and as far away in New Zealand. We are always striving to push the MDE brand globally and welcome any international dealers to be part of our team.

MDE work closely with their customers and dealers to improve and discover new products, we believe to design world market-leading equipment we need our customers' opinions and ideas.

SX700

The Scorpion SX700 Grab is designed for small excavators to carry out garden and landscape work, feed mulchers, or load trailers.

SPECIFICATION

Excavators: 1.5t – 3t

Weight: 108kg

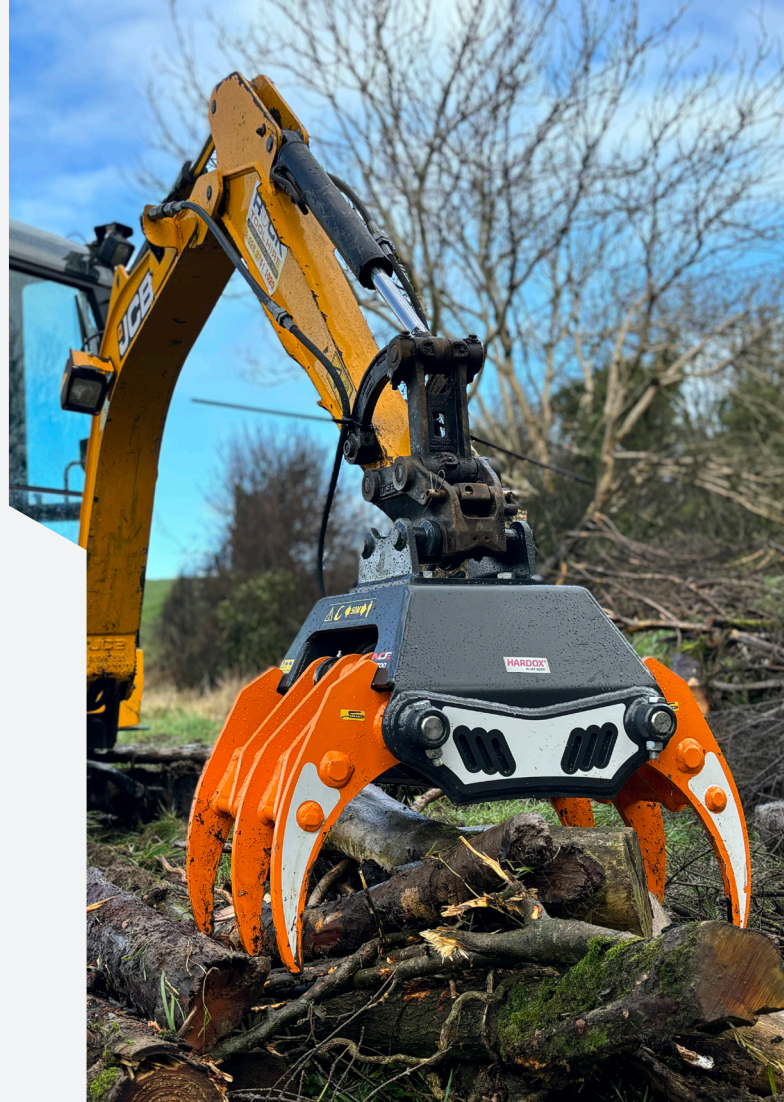

Grapple opening: 700mm

Grapple closing: 55mm

12mm Hardox® teeth

Width: 480mm

Height: 518mm

SX850

The second smallest grapple in the family. Although small in stature, the Scorpion SX850 should never be underestimated.

SPECIFICATION

Excavators: 4t – 6t

Weight: 165kg

Grapple opening: 850mm

Grapple closing: 70mm

15mm Hardox® teeth

Width: 540mm

Height: 600mm

SX GRAPPLES

**No matter the task,
SX Grapple is ready.**

The SX Grapple features a unique ability to be used as an industrial grab or saw unit. Simply bolt on the saw unit and cut timber and fell trees. This innovative attachment integrates the precision of a chainsaw with the versatility of an excavator grapple.

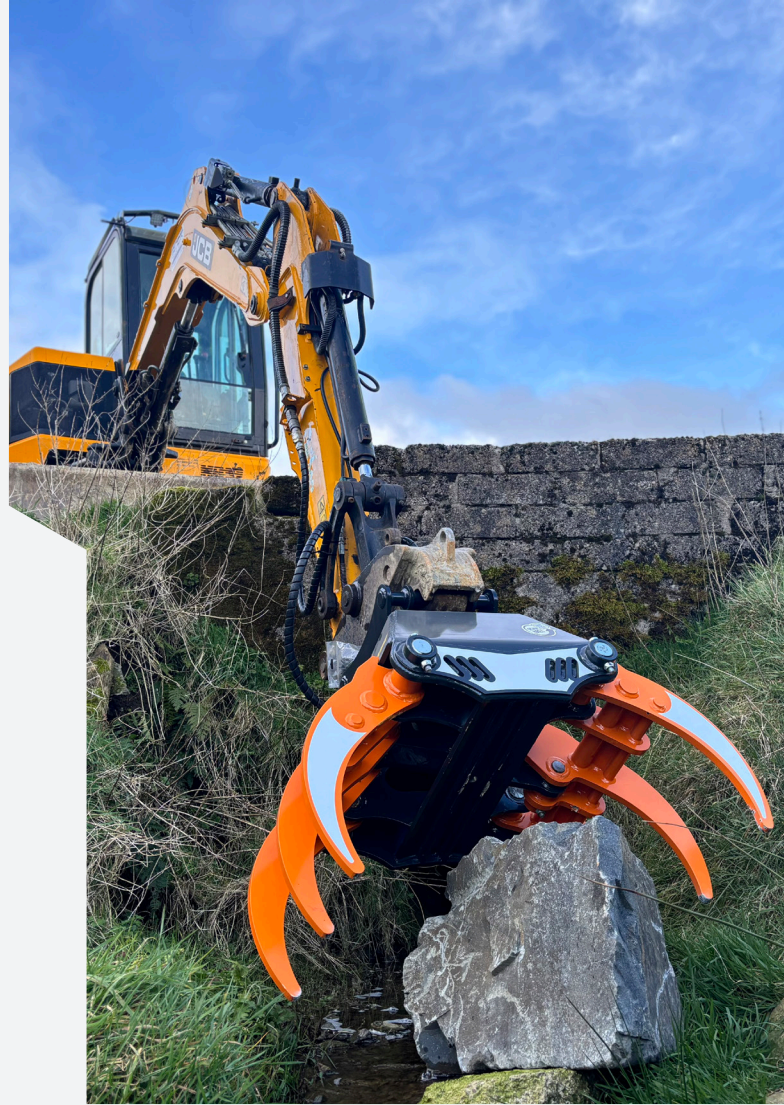

- ✓ Detachable saw unit
- ✓ Hardox® chassis
- ✓ Hardox® arms
- ✓ Bolt on hitch / coupler
- ✓ HD chassis design

SX1100

The SX1100 is a valuable addition to any landscaping or construction site, offering excellent gripping power, durability, and versatility.

SPECIFICATION

Excavators:	6t – 9t
Weight:	295kg
Grapple opening:	1100mm
Grapple closing:	70mm
20mm Hardox® teeth	
Width:	670mm
Height:	770mm

SX1250

The SX1250 will operate on mid-range sized excavators and is ideal for small and large-scale operations.

SPECIFICATION

Excavators:	10t – 16t
Weight:	560kg
Grapple opening:	1250mm
Grapple closing:	90mm
25mm Hardox® teeth	
Width:	730mm
Height:	890mm

SX1400

Easily grab and hold onto logs, boulders, steel, and other debris. Perfect for clearing sites and general landscape work.

SPECIFICATION

Excavators: 16t – 25t

Weight: 716kg

Grapple opening: 1400mm

Grapple closing: 110mm

30mm Hardox® teeth

Width: 800mm

Height: 1020mm

SX1650

The largest in the SX grapple range, built with a heavy-duty Hardox® teeth and chassis.

SPECIFICATION

Excavators: 20t – 35t

Weight: 1500kg

Grapple opening: 1650mm

Grapple closing: 120mm

40mm Hardox® teeth

Width: 800mm

Height: 1230mm
